

# **FLOOD DUTY CHART**

**FLOOD CONTROL DIVISION**

**ANANTNAG**

**2017**

**GOVERNMENT OF JAMMU AND KASHMIR**  
**OFFICE OF THE MEMBER SECRETARY FLOOD ZONAL COMMITTEE**  
**ANANTNAG**

***Sub:- Flood duty chart for the year 2017-18 of Flood Control Division Anantnag.***

The revised flood duty chart for the year 2017-18 of Flood Control Zonal Committee Anantnag is hereby circulated among all the concerned alongwith rules and regulations for favour of further necessary action at their end.

All the Assistant Executive Engineers incharge of various sectors as detailed in the enclosed flood duty chart will keep their Junior Engineers/SDC's/Works Supervisors/Gang Coolies and other staff of their respective sub-divisions for flood duty at various sectors/sections.

**In case of transfer of any officer/official shown in the chart, their substitutes should consider themselves as incharge of their respective beats where their predecessors were on duty. The head of office in whose office the officials detailed in the Flood Duty Chart are at present working will please direct the concerned accordingly under an intimation to Member Secretary Flood Zonal Committee Anantnag.**

**RULES AND REGULATIONS REGARDING FLOOD DUTY.**

Territorial Sub-divisions will be held responsible for inspection of all the sluices and vulnerable spots and beats in abnormal times as these are kept in fit condition to face flood situation at any time. The sluice gates to provide with needles, sluice gates must be closed before water level rises, so that the inner areas are safe guarded from flood water inundation.

The concerned officers and officials will remain in touch with their flood head quarters and report to their duties along with their staff without waiting for being called for in writing. It will be binding upon them to take up their assignment as per duty chart as soon as sangam gauge touches 21 feet. Their responsibility will be to check the requirement and quantity of flood stores, to close gates and sluices whenever found necessary patrolling of bunds to watch flow of water in their territories closure of breaches and have close liaison with the committee of Engineering or administrative sections.

However they will furnish certificates to the Secretary Flood Zonal Committee ( Executive Engineer Flood Control Division Anantnag ) that sluices and gates are in good working conditions and fit for operation.

- A. i. Necessary flood stores are being stocked in advance by the Secy. Flood Zonal Committee at most Vulnerable spots .
- ii. Whenever it rains continuously for more than 12 hours the officers / officials should immediately get in touch with the nearest police station/officer of Flood Control Department to know the position of River gauges especially that of Sangam and Divisional staff other than detailed on Flood duty both Executive as well as Ministerial staff shall have to report for duty in the

divisional office on the prescribed time of 12 hours may complete at mid night.

- B. All the concerned shall remain alert for duty in Anantnag Zone as soon as Sangam Gauge touches 21 feet or earlier if directed by Central Flood Committee or District Co-ordination Committee.

### **AFTER FLOOD ALARM**

1. Closing of Gates and Sluices on Nallah and the River.
2. Patrolling of River bunds as well as tributaries as per Flood Duty Chart.
3. Strengthening of weak points detected any where.
4. Closure of breaches.
5. Collection of Flood stores and T&P from and return of un-utilized articles to the Zonal Head Quarters ,maintenance of accounts on their submission as soon as flood recedes.
6. Collections of Hydraulic data like Gauge discharge and making on H.F.L
7. Liaisons with relief and Rescue wing and also other committees of Engineering wing.
8. Rough assessment of damages to public utility service and its transmission to the territorial staff and the zonal committee for detailed analysis later on.
9. Staff deployed on Flood Duty should in no case proceed on leave even on casual leave during the flood. The defaulters shall be liable to any drastic action including termination from Govt. service.

### **RESCUE AND RELIEF OPERATIONS**

1. Collection of boats through the Tourism Department their development in the marooned areas and return after recession flood.
2. Assessment and requirement to relief for the marooned areas for the safe areas.
3. Distribution of relief.
4. Providing Medical Services by the staff of Health Department.
5. Assistance to the Engineering staff in procurement of labour whenever required and maintenance of law and order by Revenue and Police Department.
6. Maintenance of liaison with Engineering wing and other committees on relief and rescue side.
7. Assessment of damages to crop live stock and houses etc in the flood effected areas.
8. Each Junior Engineer will take all the field staff from his jurisdiction with him during the flood duty for his assistance.
9. All the Supervisory staff and Junior Engineers are required to furnish the permanent address and telephone Nos to the Secy.Flood Zonal Committee Anantnag so that they can easily be contacted in case of flood emergency.
10. The officers on duty should maintain complete and proper account of material consumed and labour engaged. The accounts shall be got countersigned by the concerned Engineering beat officers who are supervising the effected areas. The men deployed for flood duty during the day should not leave the station until they handover their charge to their relievers for the night duty. In case the reliever returning late he should report to the Secretary Zonal Committee Anantnag in writing in this behalf and should not leave their duty unless a suitable reliever is arranged.

11. Accounts for labour engaged, material consumed or any other expenditure incurred in the interest of Flood precautionary measures shall be maintained properly and submitted to the concerned quarters i.e Executive Engineer of the area who will after the security submit the same to Secretary Flood Zonal Committee i.e Executive Engineer Flood Control Division Anantnag within two days positively with detailed note.
12. The flood duty will be called off at the gauge of 18ft at Sangam subject to improvement in wheather conditions. No one leave the flood duty unless instructions in this regard are received from the Member Secretary.

Each sector officer will send a detailed report of his sector to Member Secretary Flood Zonal Committee who will forward the same after verification to Secretary District Co-ordination committee. The District Co-ordination Committee will consolidate the report of the District and forward the detailed report/note with complete descriptions to Chief Engineer Irrigation & Flood Control Deptt, Srinagar within a weeks time after the flood duty is called off.

Sector Officers shall ensure the return of unused articles/stores to the Zonal Head Quarter immediately and consumption with utmost economy and accounts should be submitted.
